SafeDox

Product Highlights

- ❑ India's First Patent-filed Product for Real-time UVC sterilization
- ❑ Dedicated slot for Real-time UVC Sterilization of paper (A4/Legal Document)
- ❑ Sensor Based mechanism to insert paper
- ❑ Additional chamber for files, folders, envelopes, and other accessories like mobile phones, key chains, wallets, etc
- ❑ Sterilization time of 10 -15 seconds
- ❑ 99.9% efficiency (NABL Lab Certified Product)

Key Features

- ❑ 6 UVC LED
- ❑ High intensity UVC dose for faster sterilization
- ❑ UVC Wavelength of 253.7 nm
- ❑ Ideal Wavelength to destroy DNA of Bacteria and Virus
- ❑ 99.99% non-toxic UVC Sterilization
- ❑ Ozone-free operation
- ❑ Residual-free sterilization
- ❑ No Carcinogenic chemicals used
- ❑ Sealed box with no UVC exposure
- ❑ Durable and compact design
- ❑ Countertop solution
- ❑ In-built UVC LED Driver
- ❑ UVC LED life of 9000 hours
- ❑ Pan-India service support
- ❑ 100% UV exposure to items for better sterilization

Technical Specification

Model	Paper Slot	Chamber	Input Voltage (V)	Wattage (W)	UVC Wattage (W)	No. of UVC Lights	UVC Wavelength (nm)
SafeDox 101	1	1	220	66	13.8	6	253.7
